Subject: 259 Mechanism - Lot 5

The #259 mechanisms making up lot 5 have been completely tested and packaged.

- Crate #1 contains serial #9896 through #9905. (10 units)
These units are to be used as training units and are marked with a large red "T" on both the unit and shipping can.
- Crate #2 contains serial #9824, #9829, #9830, (8 units)
#9831, #9834, #9835, #9840 and #9842.
These units have been run through the 5 foot drop test and are marked with an "X" on the unit and a red dot on the shipping can.
- Crate #3 contains serial #9822, #9823, #9825, (11 units)
#9826, #9827, #9828, #9832, #9833,
#9835, #9837, and #9839.
- Crate #4 contains serial #9843 through #9854. (12 units)
- Crate #5 contains serial #9855 through #9866. (12 units)
- Crate #6 contains serial #9867 through #9878. (12 units)
- Crate #7 contains serial #9879 through #9890. (12 units)

Total in 7 crates-----77 units
